2023-2024

After thorough discussion the following resolutions were made by the Department BOS Committee **Resolutions:**

- 1. Resolved to approve the Introduced B.A Honour Course Single Major Subject of Economics and Minor Subject of Economics from the Academic Year 2023-24.
- Resolved to approve the syllabi for the 1,2,3,4 & 5 semesters course of the Economics, In papers I,II,III,IV, & V suggested by APSCHE and it is resolved to approve programme outcomes, programme specific outcomes, & course out comes.
- Resolved to approve the model question papers for semester end examinations for all Semester students.
- 4. Resolved to approve blue print for semester end theory examinations and internal examinations.
- 5. Resolved to approve model paper for semester end theory examinations and internal examinations.
- 6. It is resolved to follow the pattern of evaluation for I, II & III Years
 - a) It is resolved to evaluate the students' performance under continuous internal assessment (CIA) and semester end examination components at 40:60 ratio for the I &II BA programmes from the academic year 2023-24. The duration of the examination is 3:00 hrs.
 - b) It is resolved to evaluate the students' performance under continuous internal assessment (CIA) and semester end examination components at 25:75 ratio for the III and Honours BA programme which was approved in the last year BOS meeting.. The duration of the examination is 3:00 hrs.
 - c) It is resolved to approve Continues Internal Assessment for I ,II ,III& IV semesters is as follows:

<u>Direct Method</u>: 35 Marks comprising of Ist Mid Exam for 20 Marks and IInd Mid Exam for 15 Marks

Indirect Method: 15 Marks comprising of

Assignments - 5M

Seminar/ Group Discussion/ Field Trips - 5M

Clean & Green / Attendance - below 75% - Nil, 76 -80% - 2M, 81-85% - 4M,

above 86% - 5M

total 50 marks will be scale down to 40 Marks

- d) It is resolved to approve Continues Internal Assessment for Vth semester is as follows: Direct Method: 35 Marks comprising of 1st Mid Exam for 20 Marks and 1Ind Mid Exam for 15 Marks Indirect Method: 15 Marks comprising of Assignments - 5M Seminar/ Group Discussion/ Field Trips - 5M Clean & Green / Attendance - below 75% - Nil, 76 -80% - 2M, 81-85% - 4M, above 86% - 5M total 50 marks will be scale down to 25 Marks
- 7. Resolved that the Candidate should get total marks of 40, in both internal and external examinations put together. There is no minimum marks criterion for internal examinations.
- 8. Resolved to adopt all the Modern teaching learning Methods including ICT and Digital board.
- 9. Resolved to conduct Guest Lectures and Student Seminars /Study Projects for students for the Academic Year 2023-24,
- 10. It is resolved to arrange Internship to II, III year students and suggested to tie up with the industries by contacting industries of nearby towns and encouraging students to go and learn the techniques.
- 11. It is resolved to offer Certificate Course in Stock market operations for the IInd year students for the academic year 2023-2024.

12. It is resolved and approved the list of paper setters and examiners for Academic year2023-24

13. It is resolved and approved Additional inputs into the curriculum.

Pre-requisites:		4	1	-	4

Course Objectives:

The student will be able to understand the nature, various approaches, organs of the state, social perspectives and application of ICT Course Outcomes:

	On Completion of the course ,the students will be able to-	
CO1	Distinguish between Natural Science and Social Sciences	K4
CO2	Analyze History, Its Nature and Scope	K4
CO3	Analyze the importance of Social Interaction	K4
CO4	Describe the nature of Polity and Economy	K2
CO5	Formulate the Milestones of Computer Evolution	K6

Syllabus:-

Unit – I – What is Social Science?

- 1. Definition and Scope of Social Science Different Social Sciences
- 2. Distinction between Natural Science and Social Sciences
- 3. Interdisciplinary Nature of Social Sciences
- 4. Methods and Approaches of Social Sciences

Unit -II: Understanding History and Society

- 1. Defining History, Its Nature and Scope
- 2. History- A Science or an Art
- 3. Importance of History in the Present Society
- 4. Types of History and Chronology of Indian History

Unit – III – Society and Social Behaviour

- 1. Definition, Nature and Scope of Psychology
- 2. Importance of Social Interaction
- 3. Need of Psychology for present Society
- 4. Thought process and Social Behavior

Unit – IV – Political Economy

- 1. Understanding Political Systems
- 2. Political Systems Organs of State
- 3. Understanding over Economics Micro and Macro concepts
- 4. Economic Growth and Development Various aspects of development

Unit - V – Essentials of Computer

1. Milestones of Computer Evolution - Computer – Block Diagram, Generations of Computers

2. Internet Basics – Internet History, Internet Service Providers – Types of Networks – IP

- Domain Name Services - Applications

3. Ethical and Social Implications – Network and Security concepts – Information assurance fundamentals

4. Cryptography – Symmetric and Asymmetric –malware – Fire walls – Fraud Techniques – Privacy and Data Protection

Activities

- 1. Group Project Work
- 2. PPT Presentation, Participation in Webinars
- 3. Field visits
- 4. Group Discussion
- 5. Survey and Analysis
- 6. Charts and Poster presentation
- 7. Identifying the attributes of network (Topology, service provider, IP address and

bandwidth of your college network) and prepare a report covering network architecture.

- 8. Identify the types of malwares and required firewalls to provide security.
- 9. Latest Fraud techniques used by hackers.

Text books

1. The social sciences: An Integrated Approach by James M. Henslin and Danniel F. Chambliss

2. The Wonder that was India – A.L.Bhasham

6. Microeconomics focuses on the behavior of individual firms and consumers.

(True or False)

7. PROM is used as primary memory?

(True or False)

8. V.D.U is an input device?

(True or False)

9."Psychology" comes from Greek word (True or False)

10. The tribe may be an example of Community (True or False)

COVERING COVERNIC COV	SRI A S N M GOVERNMENT COLLEGE(AUTONOMOUS), PALAKOL, W.G. DT B.A – ECONOMICSSemester-I Paper – 2 2023-24	Program &Semester B.A. ECONOMIC (HONOURS)		im ter OMICS RS)	
Course Code ECO-2	TITLE OF THE COURSE PERSPECTIVES ON INDIAN SOCIETY	SEM-I			I
Teaching	HoursAllocated:60(Theory)	L	Т	Р	С
Pre-requisites:		4	1	-	4

Course Objectives: The student is expected to demonstrate the significance of social sciences through better understanding of various fields of social experience and would beable to apply methods and approaches to social phenomena.

Course Outcomes:

CO1	Interpret the significance of human behavior and social dynamics.	K3
CO2	Analyze the Indian Heritage and freedom struggle	K4
CO3	Examine the Indian Constitution	K4
CO4	Distinguish the Monetary Policy and Fiscal Policy	K4
CO5	Appraise Expert Systems and Artificial Intelligence Applications in the Social	K5
	Sciences.	

Syllabus:

Unit – 1 – Man in Society

- 1. Human Nature and Real-Life Engagement
- 2. Social Groups and Social Dynamics
- 3. Individualism and Collectivism Ethical Concerns
- 4. Human Life Social Influence and Social Impact

Unit-2: Indian Heritage and Freedom Struggle in India

- 1. Cultural & Heritage sites of Tourism in India
- 2. Indian Dance, Music and Yoga
- 3. Rise of Nationalism Under British Rule in brief (1857-1947)
- 4. Contemporary history of India-integration of Princely States, abolition of Zamindari, formation of linguistic states

Unit – 3 – Indian Constitution

- 1. Philosophical Foundations of Indian Constitution
- 2. Elements of Indian Constitution
- 3. Study of Rights in Indian Constitution
- 4. Directive principles to State

Unit – 4. Indian Economy

- 1. Indian Economy Features Sectoral contribution in income
- 2. Role of Financial Institutions RBI Commercial Banks
- 3. Monetary and Fiscal Policies for Economic Development
- 4. Economic Reforms Liberalization Privatization- Globalization

Unit – 5 - Impact on Society & Analytics

- 1. Role of Computer, impact of Computers on human behavior, e-mail,
- 2. Social Networking- Whats App, Twitter, face book, impact of Social Networks on human behavior.
- 3. Simulating, Modeling, and Planning, Managing Data, Graphing, Analyzing Quantitative Data,
- 4. Expert Systems and Artificial Intelligence Applications in the Social Sciences

References

- 1. Introduction to Psychology Atkinson RC
- 2. History of the freedom movement in India Tarachand
- 3. India since Independence Bipinchandra
- 4. Introduction to the Constitution of India D.D.Basu
- 5. S.K Misra & V.K Puri Indian Economy, Himalaya Publishing House, 2015

Activities:

- 1. Assignment
- 2. PPT Presentation, Participation in Webinars
- 3. Field visits
- 4. Group Discussion
- 5. Survey and Analysis
- 6. Charts and Poster presentation
- 7. Identify the peripherals connected to a system and label them as either Input or Output or both.
- 8. Identify the Operating System loaded in your system and compare the features with

other existing Operating System.

A). KathakB) BharatanatyamC). kuchipudiD) Manipuri7 . Who was the lady of Jhansi who fought in 1857 war A). Lakshmi BaiB.)Zeenat MahalC). Mera bhaiD) Chaitanya8. When was Indian National Congress formed.
 7. Who was the lady of Jhansi who fought in 1857 war A). Lakshmi Bai B.)Zeenat Mahal C). Mera bhai D) Chaitanya 8. When was Indian National Congress formed.
8. When was Indian National Congress formed.
o. when was mutan National Congress formed.
A) 1857 B) 1885 C) 1802 D) 1047
9.1 What is the primary source of the philosophical foundations of the Indian Constitution?
A) Manusmriti B) Unanishads C) Bhagayad Gita D) Preamble to the Constitution
10 Which part of the Indian Constitution deals with the Union and its Territory?
A) Part II B) Part III C) Part IV D) Part XI
11 Which fundamental right in the Indian Constitution guarantees protection against
discrimination on grounds of religion race caste sex or place of hirth?
A) Right to Equality B) Right to Ereedom of Religion
C) Right to Life and Personal Liberty D) Right to Constitutional Remedies
12 Directive Principles of State Policy are inspired by which country's constitution?
A) United States B) United Kingdom C) Ireland D) Australia
13 Which of the following sectors was the major contributor to the Gross Domestic Product
(GDP) during the British rule in India?
A)Primary sector B)Secondary sector C)Tertiary sector D)None of the above
14 What is RuPay Debit Card?
A) Domestic debit card
B) Introduced by National Payments Corporation of India
C) Accepted at all $\Delta TMs \& PoS$ machines
D) All of above
15. Who was India's Finance minister during Economic reforms of 1991?
A)Manmohan Singh B)Arun Jaitley C)P.Chidambaram D)Nirmala Sithraman

16. What were	e the main reforms	introduced	by P.V Narasimha R	Rao?
A)Liberalisa	tion, Globalization	and Privati	sation B)Structur	al reforms
C)Economic	reconstruction	D)Fore	ign policy improver	nents
17. Which of	the following proto	ocol is used	to receive e-mail	
A). SMTP	B). HTTP	C) FTP	D) POP3	
18. The – field	l is indicates the se	nders addre	ss ie, who sents the	email
A). BCC	B). From	C) To	D). Inbox	
19. Which is t	he social networking	ng		
A). Modem	B). Radio C).	E-Mail	D) Facebook	
20.What is the	e full form of AI			
A)Art Int	B). Artful Impact	C) Arti	ficial Intellegence	D). None of these

SECTION-B

Answer the following Fill in the blanks

10x1=10 M

- 11. Generalization about a group of people is _____
- 12. Individuals with a strong desire to achieve a challenging goal have a strong need for
- 13. Archaeological survey of India founded by_____
- 14. Home rule movement started by _
- 15. The Preamble to the Indian Constitution declares India to be a sovereign, socialist, secular, and ______ republic.
- 16. The President of India is elected by an electoral college consisting of the elected members of both Houses of Parliament and the Legislative Assemblies of States. This process is described in ______ of the Constitution.
- 17. When were Economic reforms introduced in India
- 18. Commercial Banks Create ____
- **19.** The main function of ______ is to divide the message or data into packets of a definite size on the source computer.
- 10. _____ refers to wireless fidelity which enables us to connect to the ISP without any cable.

SECTION-C

Answer the following very short answer Questions

- 1. Define Social Group.
- 2. What is Individualism?
- 3. Causes for the revolt of 1857
- 4 .Reasons for the formation of Indian National Congress ?
- 5. What is the significance of the term "secular" in the Preamble of the Indian Constitution?
- 6. Which part of the Indian Constitution deals with the Directive Principles of State Policy?
- 7. What is Fiscal Policy?
- 8. What is Globalization ?
- 9. What is URL ?
- 10 . What is Graph ?

SECTION-D

Match the following Questions

10X1=10 M

1. Social Influence	()	A) Operation Polo
2. Social Group	()	B) Hyderabad
3. Nizam downfall	()	C) Directive Principles of State Policy
4.Indo Islamic culture	()	D) Fundamental Duties
5. Enforceable in a court of law	()	E) Economic Reforms
6. Citizens' moral and civic obligations	()	F) Government Revenue and Expenditure
7. Liberalization	()	G) Local Area Network
8. Fiscal Policy	()	H) Central Processing Unit
9. CPU	()	I) Conformity
10.LAN	()	J) Reference group

SECTION-E

True or false questions

10X1=10 M

1. Conformity is sometimes good and sometimes bad (True or False)	()
2. Compliance and acceptance are different forms of conformity. (True or False)	()	
3. Indira Gandhi abolished Zamindari system (True or False)	())
4. Andhra Pradesh Vasa first linguistic State formed in India (True or False)	())
5. The term "socialist" in the Preamble of the Indian Constitution implies the adop	tion	of a
capitalist economic system. (True or False)	()
6. The President of India has the power to veto any bill passed by both Houses of I	Parlia	ament.
(True or False)	()
7. Banks are only lenders of money to customers		
(True or False)	()
8. Privatisation and globalisation are components of economic liberalization.		
(True or False)	()
9. PROM is used as primary memory (True or False)	()
10. V.D.U is an input device (True or False)	()

Course Code	SRI A S N M GOVERNMENT COLLEGE(AUTONOMOUS), PALAKOL, W.G. DT B.A – ECONOMICSSEMESTER-II Paper – 3 2023-24 TITLE OF THE COURSE	IB	Pt &S 3.AEC (HO S	rogra emes CONC NOU EM-1	um ter DMICS RS) I
1005	MICRO ECONOMICS				
Teaching	HoursAllocated:60(Theory)	L	Т	Р	С
Pre-requisites:		4	1	-	4

Course Objectives:

- 1. To under stand Economics is about the allocation of scare resources, that scarcity fore's choice, trade offexi stand that every choice has an opportunity cost.
- 2. This course is to learn about basic concepts, principles and theories in Microeconomic to understand the economic behavior of an individual person and firm.

Course Outcomes:

CO1	Articulate the nature and scope of economics with regard to wealth, welfare and	K3
	Scarcity.	
CO2	Categorize different methodologies in Economics.	K4
CO3	Illustrate the Law of Variable Proportions and Laws of Returns to Scale Theories.	K3
CO4	Estimate price, income and cross elasticity's of demand by using Demand analysis.	K5
CO5	Articulate the nature of the different markets.	K3

Syllabus:

Unit-1: Introduction to Economics

• Economic Activities and Economic System; Definition, Scope and Importance of Economics

- Fundamental problems of economics: Scarcity and Choice,
- Meaning and Scope of Microeconomics; Differences between Micro and Macro Economics
- Principles of Microeconomics: Welfare; Methodology in Economics: Positive and Normative

Unit -2: Demand and Consumption

- Demand: Meaning, Types and Factors; Law of Demand and its Limitations
- Elasticity of Demand: Meaning, Price, Income and Cross Elasticities
- Utility: Meaning, Types, Importance; Marginal Rate of Substitution (MRS), DMRS

• Indifference Curves (IC): Concept, Properties; Budget Line; Consumer Equilibrium under IC

Unit -3: Production and Supply

• Firm: Concept and Objectives; Production and Factors of Production; Concepts of Production, Cost and Revenue: Total, Average, Marginal

- Production Function: Meaning and Types; Cobb- Douglas Production Function
- Law of Variable Proportions; Laws of Returns to Scale
- Supply: Meaning, Factors, Law of Supply

Unit-4: Markets

• Market: Concept and Classification; Perfect Competition: Characteristics, Equilibrium of Firm and Industry

- Monopoly: Characteristics, Equilibrium, Price Discrimination
- Monopolistic Competition: Characteristics, Equilibrium, Selling Costs
- Oligopoly: Characteristics, Types, Kinked Demand Curve Model

Unit - 5: Distribution

- Distribution: Meaning
- Rent: Ricardian Theory of Rent, Marshallian Quasi Rent
- Theories of Wage: Subsistence Theory, Modern Theory
- Theories of Interest: Classical Theory, Liquidity Preference Theory
- Theories of Profit: Risk and Uncertainty Theory, Innovations Theory

Text Books:

- 1. Microeconomic Analysis, Bilingual Textbook, APSCHE
- 2. H. L. Ahuja, Advanced Economic Theory, S. Chand, 2004.
- 3. M. L. Seth, Microeconomics, Lakshmi Narayan Agarwal, 2006

Reference Books:

- 1. A. Koutsoyiannis, Modern Microeconomics Macmillan, London
- 2. A. W. Stonierand D.C. Hague, A Text book of Economic Theory ELBS & Long man Group, London.
- 3. P.A Samuelson & W.D. Nordhaus Macroeconomics, Tata McGraw Hill, 18/e, 2005

SRI ASNM GOVERNMENT COLLEGE (AUTONOMOUS), PALAKOL Model Question Paper 2023-24 I B.A Paper –III: <u>MICRO ECONOMICS</u> II SEMESTER END EXAMINATIONS

Time: 3 Hrs

Max. Marks: 60

SECTION – A

Answer any **<u>FIVE</u>** of the following (5 X 4 = 20)

- 1. Scarcity
- 2. Opportunity Cost-
- 3. Cardinal Utility and Ordinal Utility -
- 5.Production Function-
- 7. Kinky Demand Curve–
- 8. Innovation theory-

<u>SECTION – B</u>

Answer the following questions

(5 X 8 = 40)

- 9 (a) Distinguish between Micro Macro Economics Analysis?
 - సూక్ష్మస్తూల అర్ధశా(స్తముల మధ్య వ్యత్యాసాలు వివరించండి?

(or)

- (b) Describe the scope and importance of Economics?
- 10(a). Explain the Elasticity of Demand? And kinds of price Elasticity of Demand?

(or)

(b). Explain the Consumer Equilibrium with the help of indifference curve Analysis?

______ **____**

- 11.(a).Describe the law of variable Proportions ?
- (b). Explain the Different Concepts of Costs?
- 12.(a).Describe the price determination under Perfect competition market?

(or)

(or)

- (b). Describe the price determination under Monopoly?
- 13. (a)Discuss about Ricardian theory of Rent?

(or)

(b). Critically Examine the Liquidity preference theory of interest?

Several and the several severa	SRI A S N M GOVERNMENT COLLEGE(AUTONOMOUS), PALAKOL, W.G. DT B.A – ECONOMICSSemester-II Paper – IV 2023-24	Program &Semester IB.AECONOMI (HONOURS)			
Course Code ECO-4	TITLEOFTHE COURSE MATHEMATICAL METHODS FOR ECONOMICS		S	EM-I	I
Teaching	HoursAllocated:60(Theory)	L	Т	Р	С
Pre-requisites:		4	1	-	4

Course Objectives:

This course is to provide basic understanding about mathematical methods relevant to economics and skills to apply them in understanding various economic issues.

Course Outcomes

	On Completion of the course, the students will be able to-	
CO1	Describe the importance of Statistics in real life.	K2
CO2	Formulate complete, concise, and correct mathematical proofs.	K6
CO3	Analyze problems using multiple mathematical and statistical	K4
CO4	Tools measuring relationships by using standard techniques.	K3
CO5	Assess the economic problems through the application of the Matrix Theory	K5

<u>Syllabus</u>

Unit 1:Sets & Functions

Role of Mathematical Methods in Economics Sets: Types, Operations Functions: Meaning, Types, Graphical Representation, Applications in Economics.

Unit 2:Differential Calculus

Limits of Functions; Continuity and Differentiability of a Function Derivative of a Function; Rules of Differentiation

First and Second Derivatives and their Interpretations; Partial Derivatives Applications of Derivatives in Economics

Unit 3: Optimization Problems and their Applications

Concept of Optimization in mathematics; Problems of Maxima and Minima Unconstrained & Constrained Optimization

Kuhn Tucker Formulation and Lagrange Multiplier Some Applications of Optimization in Economics

Unit 4: Integrations and Linear Programming

Concept of integration; Simple Rules of Integration Application of Integrations in Economics Linear Programming: Basic Concept, Formulation of Problem; Feasible, Basic and Optimal Solutions

Applications of Liner Programming in Economics.

Unit 5: Matrices and Determinants and Applications in Economics

Matrix: Concept, Types; Matrix Operations: Addition, Multiplication Determinants, Inverse of a Matrix

Solution to the System of Simultaneous Equations, Cramer"s Rule Some Applications of Matrix Theory in Economics

Activities

Assignments on solving sets and modeling various functions

Exercises on solving differential equation and their application in economics

Group Projectson solving matric problems, submit report and make presentation.

SECTION –A

Answerany FOUR of the following

(4x5=20)

1)IfA=(1,4,5)B=(2,4,5)&C+(2,3)thenshowthat(AUB)UC=AU(BUC)

2) Inacertain culture, the count of bacteriagets doubled

aftereveryhour. There are 3 bacteria in the culture initially. What would be the

totalcountofbacteria atthe endof6thhour.

3)Ify= $2x^5-3x^3+6x=2$ finddy/dx

4)find $\int (x^3 + 3x^2 + 5x + 6) dx$

5) Consider the function $f(x) = x^2 - 4x + 3$

6) find the roots for $x^2 - 5$	x + 6 = 0	
,	15	6
7) Determinantsof	72	4
	57	9

8) Envelopetheorem

SECTION-B

Answerthefollowing questions.

(5x08=40)

9. a)ExplaintheimportanceofMathematicalmethodsinEconomics (or)b) DefineFunctions.Explaintypesoffunctions&it'sapplication. 10. a)Define function.Continuity&Differentiability of a function (or) b) Findmaxima&minima $f(x)=3x^4-2x^3+6x^2+6x+1$ 11. a)ApplicationofLPPinEconomics (or)b) Solveusingcramer'srule 3x - y + 2z = 32x - 3y + z = -3x+2y+z=412. a) Analyze the Problems of Maxima and Minima. (or)b)Define First and Second Derivatives. 13. a) Discuss Simple Rules of Integration Application of Integrations in Economics. (or) b)Distinguish Kuhn Tucker Formulation and Lagrange Multiplier.

COVERING OVER STORES	SRI A S N M GOVERNMENT COLLEGE(AUTONOMOUS), PALAKOL, W.G. DT B.A – ECONOMICSSemester-III 2023-24			Program &Semester III B.AECONOMICS				
Course Code ECO-3	TITLEOFTHE COURSE DEVELOPMENT ECONOMICS							
Teaching	Hours Allocated: 60 (Theory)	L	Т	Р	С			
Pre-requisites:		5	1	_	5			

Course Objectives:

- The goal of this course is to provide students with the essential tools and concepts of development economics, to prepare them to understand what makes underdevelopment persistand what helps development succeed.
- This course aims to equip students with the ability to analyze economic growth modelssuchastheHarrod-Domar,Solow,andendogenousgrowthmodels.
- By the end of the course, students should be capable of assessing the Institutions and Economic Development.

Course Outcomes:

CO1	Distinguish between Economics growth & Economics Development.	K5
CO2	Classify Different theories of Economics Growth.	K4
CO3	Evaluate Choice of Techniques Concept by using Capital intensive Method, Labour intensive Method.	K5
CO4	Demonstrate the measures taken by the government in order to Development of Infrastructure.	K3
CO5	Analyze Institutions and Economic Development.	K4

SYLLABUS:

Module 1:

Economic Growth and Development: Economic Development as a Branch of Study of Economics – Scope and Importance - Distinction between Economic Growth and Economic Development -Measures of Economic Development and their limitations - Relevance of Herd (Group) Immunity in the context of COVID 19 - three core values of economic development: Sustainability, Self-esteem and Freedom – Economy and Environment: Concepts of sustainable development and inclusive growth.

UNIT II:

Modern Economic Growth: Characteristics of Underdeveloped Countries - World Bank and IMF Classification of countries - Modern economic growth – Kuznets' Six Characteristics -Obstacles to economic development - Vicious Circle of Poverty and cumulative causation -Factors of economic growth: Economic and Non-economic - Capital Formation – Foreign and Domestic capital, Debt and Disinvestment.

UNIT III:

Theories of Development and Underdevelopment: Classical Theory: Adam Smith, Ricardo and Malthus -Marxian Theory - Schumpeter Theory -Rostow's Stages of Economic Growth - Harrod- Domar two sector model -Solow's Model and Robinson's Golden Age.

UNIT IV:

Strategies of Economic Development: Strategies of Economic Development – Big Push -Balanced Growth - Unbalanced Growth - Mahalanobis Model - Agriculture vs Industry -Capital

Intensive Technology vs Labour Intensive Technology -Role of Infrastructure in Economic Development.

UNIT V:

Institutions and Economic Development: Role of State in Economic Development -Role of Markets - Market Failure and Regulation by State -Public sector vs Private sector -Economic Planning – concept, objectives and types -NITI Ayog - Economic Federalism -Financial Institutions and Economic Development -Role of International Institutions-IDBI, ADB, IMF -Foreign Trade - FIIs and FDIs.

Course Code ECO-4	TITLEOFTHE COURSE ECONOMIC DEVELOPMENT- INDIA AND ANDHRA PRADESH							
Teaching	HoursAllocated:60(Theory)	L	Т	Р	С			
Pre-requisites:		5	1	-	5			

Course Objectives:

At the end of the course, the student is expected to demonstrate the following cognitive abilities and psychomotor skills.

1. Remembers and states in a systematic way (Knowledge)

a. leading issues of Indian economic development with reference to potential for growth, obstacles and policy responses

b. Objectives, outlays and achievements of economic plans and growth strategies

2. Explains (understanding)

a. Available Resources, demographic issues, general problems of poverty and unemployment and relevant policies

b.Sector specific problems, remedial policies and their effectiveness relating to Agriculture and Industrial Sectors of Indian and AP economy and infrastructure issues of AP economy

c. Indian Tax system, recent changes, issues of public expenditure and public debt, recent finance commissions and devolution of funds

d. Major issues of economic development of Andhra Pradesh after bifurcation and Central assistance

3. Critically examines using data and figures (analysis and evaluation)

a.Leading issues of current importance relating to India and AP economy, major policies and programmes

4. Uses official statistical data and reports including tables and graphs

a. To explain the achievements of Indian economy with reference to the objectives of planning and policy and make critical evaluation

Course Outcomes

OnCompletionofthecourse, the students will be able to-						
	Interpret the importance of agriculture in India in Economic point of view.	K3				
CO1						
CO2	Analyze the Poverty of Indian Economy.	K4				
CO3	Infer the problems &Prospects of small scale industries {MSME} in India.	K4				
CO4	Discuss about objectives of five year plans & NITI Ayog.	K2				
CO5	Compare GSDP of Andhra Pradesh with that of other states	K4				

Syllabus:-Module – 1 Basic Features

Basic characteristics of Indian Economy as a developing economy – Economic development since independence – Concept of planning – Objectives – Achievments – NITIAYOG – NDC and their approaches to economic development – Role of Natural resources in Indian Economic Progress - India's Rank in Global Human Development Index .

Module 2 National Income and Demography

Trends in National income - Demographic trends demographic Dividend - Poverty and Inequalities – Occupational Structure and Unemployment - Various Schemes of employment generation and eradication of poverty – Issues in Rural Development and Urban Development –Intra-state and Interstate Labour Migration and unorganized sector Problems of Migrant Labour Module – 3 Agricultural and Industrial Developments

Indian Agriculture – Agricultural Strategy and Agricultural Policy – Agricultural Markets – E-NAM– Agricultural credit – Minimum Support Prices -Malnutrition and Food Security - Indian Industry - Recent Industrial Policy – Make-in India – Start-up and Stand-up programmes – SEZs and Industrial Corridors - Economic Reforms and their impact - Economic initiatives by government of India during COVID - Atmanirbhar Bharat package. Module –4Indian Public Finance

Indian Tax System and Recent changes – GST-Composition and its impact on Commerce and Industry – Centre, States financial relations- Recommendations of Recent Finance Commission – **Public Revenue** Expenditure and Public Debt - Fiscal Policy and Budgetary Trends **Module- 5Andhra Pradesh Economy**

The basic characteristics of Andhra Pradesh economy after bifurcation in 2014 – Impact of bifurcation on the endowment of natural resources and state revenue – new challenges to industry and commerce - the new initiatives to develop infrastructure – Power and Transport - Information Technology and e-governance – Urbanization and smart cities – Skill development and employment –Social welfare programmes.

Covernment Service upper	SRI A S N M GOVERNMENT COLLEGE(AUTONOMOUS), PALAKOL, W.G. DT B.A – ECONOMICSSemester-IV Paper V 2023-24	Program &Semester II B.AECONOMICS SEM-IV				
Course Code ECO-5	TITLEOFTHE COURSE STATISTICAL METHODS FOR ECONOMICS		~			
Teaching	Hours Allocated: 60 (Theory)	L	Т	Р	С	
Pre-requisites:		5	1	_	5	

Course Objectives:

- 1. This course is designed to expose the students to the basic principles of Statistics
- 2. To provide a sound training in statistical methods so as to formally analyze the data
- 3. The emphasis will be on thinking like an economist and the course will illustrate how the tools of statistics can be applied to analyze theoretical validation.

Course Outcomes:

CO1	Describe the importance of Statistics in real life.	K2
CO2	Formulate complete, concise, and correct mathematical proofs.	K6
CO3	Tools measuring relationships by using standard techniques.	K4
CO4	Assess the Time Series and Index Numbers	K5
CO5	Measures of Central Tendency and Dispersion.	K5

Syllabus:

Module-1:NatureandDefinition ofStatistics

Introduction to Statistics-Definition, scope, importance and limitations of Statistics-Primary and Secondary data-Census and Sampling techniques and their merits and demerits

Module-2: DiagrammaticAnalysis

Collection of data - Schedule and questionnaire - Frequency distribution - Tabulation - diagram and graphic presentation of data-Histogram, Frequency

Polygon, CumulativeFrequencyCurves-BarDiagrams and Pie Diagram – Applications. Module–3:MeasuresofCentralTendencyandDispersion

MeasuresofCentralTendencyandDispersion-Typesofaverages-

ArithmeticMean,GeometricMean,HarmonicMean–Median–Mode–Quartiles –Deciles – Percentiles-Dispersion-Range,QuartileDeviation,Mean Deviation, StandardDeviation-Coefficient ofVariation.

Module-4:Correlation andRegression

CorrelationandRegression-Meaning,DefinitionandusesofCorrelation-TypesofCorrelation-KarlPearson'sCorrelationcoefficient-Spearman'sRankCorrelation-RegressionEquationsutilityofregression analysis–Comparison between correlation and regression-Applications – Measures of Skewness and Kurtosis - Demand forecasting.

Module-5:TimeSeriesandIndexNumbers

Time Series and Index Numbers: Definition and components of Time Series – MeasurementofTimeSeries–MovingAverageandtheLeastSquaresMethod–IndexNumbers-Concepts of Price and Quantity Relatives – Laspeyer's, Paasche's and Fisher's Ideal IndexNumbers– UsesandLimitations ofIndexNumbers.
