## **INTERNATIONAL ACCOUNTING DAY – NOVEMBER 10, 2021**

The department of commerce have celebrate this day **to promote the accounting profession**, which provides everyone with the opportunity to connect with their colleagues and give an opportunity for interested ones to work in this sector. The Department of Commerce of Sri ASNM (A) GDC have celebrated INTERNATIONAL ACCOUNTING DAY – NOVEMBER 10, 2021 ON THE EVE OF THE BIRTHDAY OF 'The Father of Accounting,' - Luca Pacioli, introduces the double-entry bookkeeping system with his publications. Institute of Management Accountants (IMA), for the first time, International Accounting Day was celebrated in 1972. The organization was aimed to inspire younger ones about career opportunities in Accounting Field. The day is an unofficial professional holiday for the people of the Accounting Sector. Accounting is an emerging profession, and it has various positive points, which shows the future of this profession. Accountants play an important role in helping any business to run smoothly. Accounts are responsible for examining financial statements to ensure accuracy and compliance with existing laws and regulations, handling tax-related tasks, etc.

## NATIONAL EDUCATION DAY – NOVEMBER 11, 2021

In today's world, educated and skilled individuals have better conditions and more successful lives. A good education is necessary for every individual to move forward in life and to earn respect in society. The job market is also focused on hiring freshers who have knowledge in specific fields. A lack of good education not only affects their life but the overall development of the country too. Every educated individual focuses on how and what to do for the betterment of society and the nation. Education in **Society First** of all, Education helps in spreading knowledge in society. This is perhaps the most noteworthy aspect of Education. There is a quick propagation of knowledge in an educated society. Furthermore, there is a transfer of knowledge from generation to another by Education .Education helps in the development and innovation of technology. Most noteworthy, the more the education, the more technology will spread. Important

developments in war equipment, [medicine](#), computers, take place due to **Education**. **Education** is a ray of light in the darkness. It certainly is a hope for a good life. Education is a basic right of every Human on this Planet. To deny this right is evil. Uneducated youth is the worst thing for Humanity. Department of Commerce, **celebrated National Education Day on 11-11-2021**
