Report

The Department of Computer Science & Applications of Sri A.S.N.M. Government College organized an Online Quiz Programme on the occasion of National Technology Day on 11-05-2026. The programme was conducted with the objective of creating awareness among students about the importance of science, innovation, and technological advancements in modern society.

The online quiz witnessed enthusiastic participation from students of various departments. The quiz covered topics related to science and technology, recent technological developments, inventions, digital advancements, and India's achievements in the field of technology. The activity encouraged students to improve their technical knowledge and develop interest in innovative thinking.

The programme was organized successfully under the guidance of the Principal and faculty members of the department. Students actively participated in the quiz using online platforms, making the event interactive and informative. The activity helped participants enhance their analytical thinking, problem-solving ability, and awareness of emerging technologies.

During the programme, faculty members highlighted the significance of National Technology Day and emphasized the role of technology in national development and sustainable growth. Students were motivated to make effective and responsible use of technology for educational and social progress.

The online quiz programme concluded successfully with positive feedback from students and staff. Overall, the event created enthusiasm among students towards science and technology and inspired them to update their knowledge in the rapidly changing technological world.
