

Chemistry Departmental Activity

Celebration of National Pollution Control Day

Conducted on: 2nd December 2022

Chief Guest: Dr. T. Raja Rajeswari, Principal, Sri ASNM Govt. College (A), Palakol

Guest : Dr V. Yamini

Coordinator: Sri A. Vamsi Subbarayan

Members: Sri K. Jagapathi Babu

Ms. S. Pujitha

The Department of Chemistry has observed National Pollution Control Day on December 2, 2022. It commemorates those who lost their lives in the 1984 Bhopal Gas tragedy on the night of December 2nd.

Incharge Chemistry Department Dr. V. Yamini presided over the function, Dr. T. Raja Rajeswari, Principal, Sri ASNM Govt. College (A), Palakol is the Chief guest for the programme.

The programme was inaugurated with a welcome speech by Dr V. Yamini. She spoke about the significance of National Pollution Control Day. Principal Dr T. Raja Rajeswari highlighted the objectives and purpose of annually commemorating National Pollution Control Day. She explained that the day is dedicated to encourage the adoption of pollution control acts to prevent the environmental pollution caused by human and industrial administration negligence. The coordinator detailed the series of events that led to the Bhopal disaster. A video documentary has shown to the students on this occasion.

Objectives of the day:

- Preventing the pollution originates either from industrial processes or by human negligence.
- Instill awareness among people about the judicious use of chemicals to prevent undesirable industrial disasters.
- Spread awareness of managing and controlling industrial disasters.
- Make people and industries informed about the importance of pollution prevention and pollution control acts.

**Outcomes:**

1. Awareness and Education about the adverse effects of pollution on the environment, ecosystems, and human health.
2. Community Participation in pollution control activities.
3. Stimulate research and innovation in the field of pollution control and mitigation

Around 57 students from all departments attended the session.
