PRINCIPAL'S MESSAGE

"Education is the foundation of progress, and a transparent, fair, and quality-driven examination system is the cornerstone of academic excellence."

It gives me immense pleasure to present the Post Graduate Annual Report of the Examination Cell for the Academic Year 2025–2026 of Sri A.S.N.M. Government College (Autonomous), Palakol.

The Academic Year 2025–2026 marks a historic milestone in the academic journey of our institution. The 2024–2025 admitted batch is the first Post Graduate batch admitted under the Autonomous System, heralding a new era of academic excellence, institutional responsibility, and outcome-based education. This significant achievement reflects our unwavering commitment to providing quality education through a transparent, efficient, and student-centric examination system.

During this academic year, the College successfully offered five Autonomous Post Graduate Programmes—M.A. (Economics), M.Com, M.Sc. (Aquaculture), M.Sc. (Botany), and M.Sc. (Organic Chemistry). These programmes achieved commendable academic standards and demonstrated excellent performance. The successful conduct of examinations across all programmes is a testimony to the dedication of our faculty, the commitment of our students, and the efficient functioning of the Examination Cell.

The Examination Cell carried out every phase of the examination process with remarkable precision and professionalism. From the preparation of examination notifications, academic schedules, appointment of paper setters and examiners, confidential printing and secure handling of question papers, to the conduct of theory and practical examinations, valuation, tabulation, scrutiny, declaration of results, and issuance of Grade Cards, Provisional Certificates, and Consolidated Marks Memos, every activity was executed in strict adherence to autonomous regulations and established quality standards.

I sincerely appreciate the dedicated efforts of the Controller of Examinations, Examination Cell staff, Heads of Departments, teaching faculty, internal and external examiners, administrative staff, and all stakeholders whose wholehearted cooperation ensured the smooth, transparent, and successful conduct of the examinations throughout the academic year.

I congratulate all our students for their perseverance and academic accomplishments. I encourage them to continue pursuing excellence with confidence, integrity, and a lifelong commitment to learning. I am confident that Sri A.S.N.M. Government College (Autonomous), Palakol will continue to uphold the highest standards of higher education and further strengthen its reputation as a distinguished centre for postgraduate studies.

I extend my best wishes to the Examination Cell for its continued success and for achieving many more milestones in the years to come.
